Important Notes

*Parents please note that we are seeing an increase in the number of flu cases throughout the school. If your child has a fever at any point, we are asking that you keep them home for the 24 hour waiting period before they return to school. During this period of time they should be fever free without medication. The type of flu symptoms we are seeing the children exhibit are fevers, runny nose, and they have a lack of energy.

*New state childcare regulations that we wanted to make you aware of:

-No balloons can be on-site during our weekly operating hours. Therefore, children can no longer have balloons during birthday parties.

-Rubber bands and jump ropes are not to be accessible to children under the age of 5 years without adult supervision so please do not bring these items to school for Show N' Tell or otherwise.

-Any items considered to contain biocontaminants (bodily fluids/medical waste) should be stored properly with a lid and/or 5 ft. up and away from the children's reach. To abide by this ruling, the teachers will store your child's items in a cabinet or in the closet and then post a message in the room alerting you to pick-up said items.

Thank you for helping us to maintain a healthy environment for ALL!
